

## AGREEMENT REACHED BY COMMITTEE

### Plans for Redistricting State Adopted by Con- gressional Conference

## SEVERAL OPPOSE PLAN

### Cong. Ashbrook at St. Louis Serving on Important Investi- gation of Postal Affairs.

Columbus, Nov. 15.—Agreement or a semblance of it was reached last night by the Democratic congressional conference upon the redistricting bill drafted by the special committee which yesterday reported its labors to that body.

It was decided to recommend the calling of a special session to Governor Judson Harmon and a special committee, headed by Senator Atlee Pomerene, was appointed to wait upon him and urge the issuing of a proclamation summoning the general assembly for that purpose.

The bill presented to the special drafting committee was ordered to be submitted to the Democratic caucus of the general assembly when it gathered, with a recommendation for its adoption. The bill is the same which was published in dispatches yesterday, with one exception. At the request of Congressman Isaac R. Sherwood of Toledo, Ottawa county, which is heavily Democratic, was detached from the proposed Thirtieth district and attached to the Ninth, which is tentatively made up of Lucas county alone.

Congressman William Sharp Graves of Lorain, representing the present Fourteenth district, was the only member of the conference present who opposed redistricting absolutely, and practically all of the day and evening was spent in endeavoring to reach a compromise which would be acceptable to him. This resulted in complete failure.

In leaving the caucus he issued a statement to the effect that it was his opinion that in the event of a special session being summoned the Democratic caucus should devote itself alone to correcting the present inequalities in Cleveland, Cincinnati and Toledo, caused by the growth of population.

Congressman L. D. Post of Washington C. H., representing the Seventh district, while approving redistricting generally, announced his opposition to the bill prepared by the committee. The plan, he stated, proposed will include within its borders himself and Congressman H. C. Claypool, who represents the Eleventh district. Both are first termers.

The conference several times during the day and night promised to break up without final action, and several members left for their homes satisfied that such would be the case. Even Senator Pomerene, who left for Washington at 5:45 p. m., was not certain that action would be had.

The meeting was attended by Congressmen Alfred G. Allen of Cincinnati, J. H. Goeke of Wapakoneta, Timothy D. Ansberry of Defiance, L. D. Post of Washington C. H., H. C. Claypool of Chillicothe, Isaac R. Sherwood of Toledo, William G. Sharp of Elyria, George White of Marietta and H. J. Bulkley of Cleveland. Congressman Goeke presided. In addition Senator Thomas A.

Dean of Fremont; Representative William D. Fulton of Newark; State Oil Inspector William L. Finley and State Insurance Commissioner Edmond H. Moore were present, the last four constituting the committee which drafted the measure submitted.

Congressmen Matthew R. Denver of Wilmington and J. J. Whitacre of Canton were reported on the sick list.

Congressman Wm. A. Ashbrook of Licking and Ellsworth R. Bathrick of Akron are out of the state. Mr. Ashbrook being at St. Louis, acting as chairman of the postoffice investigating committee, and Congressman James M. Cox of Dayton and W. B. Francis of Belmont had other engagements. Congressman Carl Anderson of Fostoria, was set down as "not found."

United States Senator Pomerene, at the afternoon session, made a strong speech in favor of redistricting the state, insisting that a special session was imperative, in order that the inequalities might be corrected, and he devoted several hours to arguing with congressmen who were not satisfied with the arrangement submitted. It was stated in the lobby that Ashbrook, Bathrick and Francis were opposed to the redistricting, being satisfied with the districts as now constituted.

It was the implied understanding that the redistricting of Cleveland and Cincinnati was to be left to Messrs. Bulkley and Allen, to be worked out in detail, as they were more familiar with their local conditions than the committee could ever hope to be. The opposition was led, and quite forcibly, by Congressman Sharp, who refused to yield the position which he assumed from the start.

Governor Harmon was not in the city during the progress of the conference, having left early in the morning for Kansas City, where he went to fill an engagement made prior to the fixing of the date of yesterday's meeting.

The story that he was personally opposed to the summoning of the special session was rife, but no one in authority spoke for him to that effect. Those supposed to be within the circle of his counsellors declared that they did not know where he stood on this question.

The committee that is to wait upon him is composed of Senator Pomerene and Congressman J. Henry Goeke, representing the congressional interests; Senator Dean and Representative Fulton, representing the general assembly, and State Oil Inspector Finley and Insurance Commissioner Edmond H. Moore, representing the state organization. This he returns from his western trip and committee will meet him as soon as he comes to him the mandate of the conference. It is understood that of the absentees Cox and Whitacre and Denver will approve the redistricting—leaving the opposition to be made up of Ashbrook, Bathrick, Francis and Sharp. No one seems to know where Anderson stands.

## ZANESVILLE MEN FORM ORGANIZATION

Zanesville, O., Nov. 15.—The executive committee chosen last night to direct the affairs of the business men's organization in the coming Rose law election campaign consists of S. A. Weller, temporary chairman; Anson Mark, John Hoge, A. E. Starr, F. A. Durban, C. H. Rowlands, W. B. Deacon.

The protest to which the 402 business and professional men affixed their names follows:

We, the undersigned business men and citizens of Muskingum county, hereby declare our belief that prohibition under the Rose county option law has caused bitterness and strife among our people and that it has not benefited our people morally or socially, and we are of the opinion that the open, law-abiding, well regulated, tax-paying saloon is to be preferred to the "blind tiger" and "speak easy."

This protest is a part of the membership agreement of the organization.

## STATESMEN EULOGIZED AT MEETING

### Would Have Conscience as Supreme Guide for Those Seeking Public Career.

(The Associated Press.)

Kansas City, Mo., Nov. 15.—"Large-ly because American histories and biographies are written by men who live in eastern states, the deeds of western pioneers and statesmen are minimized and are gradually being eliminated from history."

This was the pith of a speech by Speaker Champ Clark, who, before the Commercial club of Kansas City last night, eulogized Thomas Hart Benton, whom he styled "The Great Missourian."

Speaker Clark declared it was "unfortunate that the down-easters write nearly all our so-called histories and biographies."

"Thomas Hart Benton," said Speaker Clark, "the great Missourian, the history of whose country cannot be adequately or correctly written without frequent and conspicuous mention of him and his achievements and who in courage both moral and physical, in persistence of purpose, in unconquerableness of will and intensity of patriotism is the equal of any other man that ever lived in all the flood of time, is one of the Immortals."

"Statesmen may be divided into three classes: Those smaller than their reputations; those greater than their reputations; Those equal to their reputations. Few of them can bear the severe test of personal contact and close inspection. Benton is greater, far greater than his reputation—a result largely of the unfortunate fact that the down-easters write nearly all our so-called histories and biographies."

"Every personage of consequence in the East, every historic event is magnified by many diameters; while the statesmen and soldiers of the south and west, who blazed the pathway of civilization on this continent, who conquered this rich wilderness, who laid the broad foundations of mighty commonwealths are being ruthlessly eliminated from history by the rule of exclusion."

"Recently there have been Napoleon, Washington, Hamilton and Websterian revivals in literature. The Louisiana Exposition has been made the occasion for a Jeffersonian revival. It is high time there was a Bentonian revival—not because he was always right, for he was frequently wrong—not because any one at this day agrees with all he did, for in many things we differ from him, but because he was the first great statesman west of the Mississippi, because he is easily one of America's dozen great statesmen and because he was for his country right or wrong."

"Of all the statesmen and warriors given to the union by the south and west, only one gets anything like a fair deal from the New England historians and biographers. That's Henry Clay, because he was said to be the Father of the 'American System,' a palpable misnomer, as high protective tariff was old even in mediaeval times, centuries before Christopher Columbus turned his prow westward in search of a New World and before Amerigo Vesputious fled from the immortal Genesee the glory of bestowing his name upon the farthest and richest land under the sun."

\*Estimated.

Under the new bill the Democrats would carry 18 or 19, and possibly 20 districts on the basis of the vote of 1910. The districts are so arranged that a drift of sentiment either way will carry a majority of the congressmen.

Largest district in point of population is the Eighteenth district, with 238,195. The smallest the Fifth, with 180,573. The most of them run close to the average, 216,687. By the present arrangement the districts run from 150,000 to 400,000.

Majorities are figured on the basis of the Taft-Bryan vote in 1908, when Taft carried Ohio by about the normal Republican majority, 69,531.

## PORTION OF HUMAN SCALP DISCOVERED BY SEARCHERS AT SCENE OF EXPLOSION

Utica, Nov. 15.—Late Tuesday evening searchers at the scene of the Marietta Torpedo magazine explosion on the Sperry farm north of this city found what they believe to be a part of the scalp of Benjamin F. Tompkins, who was killed Monday morning when the magazine exploded.

Physicians state that the portion of the scalp found Tuesday evening is that of a human. It is all that has been found of the remains of the unfortunate man whose life was snuffed out in such a terrible and sudden manner.

The superintendent of the company from Marietta, who arrived at Utica soon after the accident, re-

turned to his home Tuesday evening without making any arrangements for rebuilding the magazine.

Funeral services for Benjamin F. Tompkins, who was killed Monday morning when the magazine exploded, were held at the late home of the deceased in Washington street Wednesday afternoon at 2:30 o'clock.

The Rev. J. W. H. Brown of the M. E. church of Utica, officiating.

Mr. Tompkins was a member in good standing in Stockport lodge No. 439 I. O. O. F. and the Utica lodge attended the services in a body. C. W. Hammond and F. K. Hammond, brothers of Mrs. Tompkins, with their families from Crooksville, O., attended the services. The invalid mother of Mr. Tompkins who lives in Delaware, O., was unable to attend.

## ANOTHER AVIATOR FALLS TO DEATH

Berlin, Nov. 15.—Herr Pletscher, an aviator, fell while making a tight here today and was instantly killed.

## NEW YORK BAKERIES VERY UNSANITARY

New York, Nov. 15.—Unsanitary conditions have caused unhealthy conditions to exist in more than 90 per cent of the bakeries of this city, according to investigations of the sanitary commission. The commission visited more than 200 bakeries and found practically all of them in filthy conditions, unventilated with improper lighting.

## TURKS REPULSED; FRIGHTFUL LOSS

Tripoli, Nov. 15.—Reports here today that attacks made by Turks on Druman and Trobuck were repulsed with frightful losses to the attackers. Large numbers of Italians were maimed and wounded by irregular shaped shells which are used in violation of the rules of war.

## LARGE AMOUNT FOR ROAD IMPROVEMENTS

Washington, Nov. 15.—Nearly \$41,000,000 have been spent in road improvements by the southern states this year alone according to Secretary of Agriculture Wilson.

## COMMISSION TO PUSH THE WORK

Columbus, Nov. 18.—John J. Clark, of Cleveland and D. J. Sinclair of Steubenville were appointed today by Governor Harmon to membership on the Perry Victory Centennial commission. The men will take their places at once and the work of the commission will be rapidly pushed.

## PACKERS RELEASED ON WRIT

### Federal Attorneys Sur- prised at Suddenness of Move

## EXCELLENTLY PLANNED

### Legal Battle to Clear Chicago Millionaires May Last for Many Months.

Chicago, Nov. 15.—On the eve of the greatest criminal trial in American history, nine of the ten millionaire packers of Chicago, charged with violation of the trust laws, played their last card yesterday afternoon. The defendants were delivered into the hands of the United States marshal by their bondsmen, placed under arrest, and half an hour later were released on a writ of habeas corpus by Circuit Judge C. C. Kohlstaet.

The only one of the group of ten who was not under arrest was J. Ogden Armour, who is now on the ocean, speeding to Chicago in order to take the "habeas corpus" bath before his capture called Monday morning. Those who were released by the court and given into the hands of the same bondsmen who an hour before had rushed them into court were:

Louis P. Swift, president of Swift & Co.

Edward Morris, president of Morris & Co.

Edward Tilden, president of the National Packing Co.

E. F. Swift, director of Swift & Co.

C. H. Swift, director of Swift & Co.

Arthur Meeker, general manager of Armour & Co.

T. J. Conners, superintendent of Armour & Co.

Francis A. Fowler, director of Swift & Co.

Louis H. Heyman, manager of Morris & Co.

The same strategy and secrecy that has marked the many futile efforts of the packers to escape trial figured in the procedure.

John S. Miller, chief counsel for the packers, led his millionaire clients into the offices of the marshal at 3:45 and announced that they were surrendered on their bonds and demanded that they be placed under arrest.

During the confusion that followed word reached the district attorney that a plot was being made for a writ of habeas corpus before some court in the building. District Attorney Wilkerson and his assistants began scurrying around the building for the scene of action and burst into Judge Kohlstaet's court room just as Attorney Miller was reading the last lines of a long petition.

The government forces were paralyzed with the suddenness of the move. The packers were asking for a writ on the ground that the criminal sections of the Sherman anti-trust law were unconstitutional, and that the petitioners were "now actually deprived and restrained of their liberty."

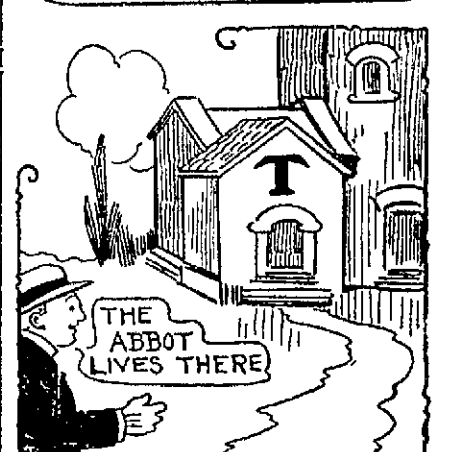

The district attorney demanded to know whether the action had any bearing on the trial of the packers set for Monday and why the government had not been notified of the petition for a writ.

He gathered from the reply that the matter had a decided bearing on the case and that the government was not notified because notice is not required by law.

"I do not think there is any need of argument as to the legal necessity."

## TAFT SCATHINGLY ARRAIGNED FOR PARDONING EMBEZZLER

Boise, Nov. 15.—In a signed statement issued by Governor James Hawley today President Taft is scathingly arraigned for his action yesterday in pardoning Clarence Robnett, a banker employe, convicted of having embezzled large amounts from the Lewiston National Bank and sentenced to serve ten years in the federal penitentiary. Special assistants to Attorney General Wickersham are accused of having run the case in which they were interested, securing his pardon, and the attorney general is alleged to have conspired with his assistants.

"I am not surprised at this pardon," the statement sets forth. "In fact no action in connection with the courts of Idaho have so brought justice into repute and weakened the courts in the estimation of the people."

Governor Hawley stated that during the past four years the regular United States officers for Idaho have been retired whenever an important case came up and the special assistants of Wickersham installed in their place. He said these men have done more for Idaho than have brought justice in concluding Mr. Hawley says: "The

injustice of this action of President Taft will long rankle in the minds of our citizens and will inspire them with a contempt for such action.

## The quicker you fry, the better your results

Butter smokes and burns at 329 degrees. Lard at 400 degrees.

You can heat Crisco very much hotter than lard and it will not smoke.

Have the Crisco hot enough and it will cook the outside of the food instantly—so that a crust forms and no grease soaks in.

This is the secret of the dry, crisp fried foods that Crisco makes.

**Make This Test**—Heat Crisco very hot. Drop your doughnuts into it for just one minute. They will come out a rich, golden brown, as dry and light as a baked cake inside. They are very different from doughnuts "soaked" in grease.

ously in history as the only two senators of the United States who, when instructed to vote in a way which they could not conscientiously do, resigned and retired to the shades of private life. They had their ample reward, for both reached the presidency of the Republic. So, it would appear that as a mere matter of worldly wisdom it pays to do right.

"My advice to all young men looking to a public career is to let conscience be their guide."

"In popular estimation General Jackson receives all the credit for killing the Old United States Bank. No American citizen should ever speak of Andrew Jackson save with profound reverence. I would not detract from his just fame in the estimation of a hair; but truth is truth. It was Benton's war upon the bank. He inaugurated it before Jackson became president. From his coin of vanity Jackson took it up and carried it to a successful conclusion; but nevertheless and notwithstanding it was Benton's war. I hunted up all the facts and I know that I am right in making this assertion."

"To Benton more than any other man do we owe the fact that our northwestern line is on parallel 49 instead of at the mouth of the Columbia river. To him more than to any other man is due our Homestead system. The history books give the credit to Galusha A. Grow of Pennsylvania; but Benton had already secured all the benefits of that law but not the title before Grow entered the house, which by a strange coincidence was the same day that Benton went out of the senate."

"To Benton and Dr. Lewis F. Linn jointly we owe gratitude for adding the Platte purchase to Missouri 15 years after Missouri was admitted as a state. There should be a towering joint monument erected to those two senators somewhere in the Platte purchase; and to erect it by popular subscription should be a labor of love."

For several years I have been in the employ of the Erie Railroad Company, and in their employ I was taken with kidney trouble. I tried several doctors, but seemed to get no results from their treatment. I tried Dr. Kilmer's Swamp-Root, taking four bottles, which cured me. ## EVEN THE MOST STUBBORN COLD EASILY BROKEN

There is not one grain of quinine in Pope's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pope's Cold Compound, which any druggist in the world can supply.

## PACKERS

(Continued from Page 1.)  
city of notice, but this is an extraordinary circumstance and I believe the court should inquire into it fully," said the district attorney.

The case comes on the Tuesday, before the case was to be heard. After the case was heard, the court ruled that the writ should be issued.

Judge Kohlsaat issued the writ after but little argument, and set the hearing for Thursday morning.

The possibilities of the situation are almost unlimited. Should Judge Kohlsaat make the writ permanent, the government would take an appeal to the supreme court, and months would be consumed in argument and legal moves. The government believes that if Judge Kohlsaat rules against the packers, the trial may begin Monday, even though the defendants appeal. This move will mean another fight, in which the packers will ask the court to cite the government attorneys in contempt.

"There was nothing for the court to do but issue a temporary writ under such circumstances," said the district attorney. "Such a petition should have been filed six weeks ago. This is simply an unusual example of the many ways in which the writ of habeas corpus may be used. All the questions raised in the petition have been raised before and ruled upon by Judge Carpenter. These questions have been settled six times since the case began."

Federal officials cannot conceive of Judge Kohlsaat taking on himself to decide in such a brief hearing the decisions of Judge Carpenter on the same issues. The petition is a sweeping and drastic condemnation of Sherman act. Among the exceptions to the law are:

That it leaves to the jury the duty of congress in deciding what shall be a crime.

That the criminality of the alleged acts of the defendants depends not upon any standards raised by the law, but upon one that may be created by the whim or prejudice of the jury.

That the law serves as a net large enough to catch all possible offenders and leaves it to the courts to step in and say who can be rightfully detained and who should be set at large.

That the law is too general, vague and uncertain to warrant an indictment.

The boldness of the move is astounding to attorneys. The packers seek to prove unconstitutional a law under which they fear to be tried under charges of criminal conspiracy. The constitutionality of the law is already before the supreme court in the famous naval stores cases.

The fight of the Chicago packers to escape trial has blazed the way for a generation of lawyers learning the law's delays. Attorney Miller invented the immunity bath and saved his clients from one prosecution. His inventive brain created the "priority bath" recently, by which he sought to stave off prosecution because it might prejudice a civil suit impending. This failed, as did injunctions and changes of venue.

More than the liberty of the packers hangs on the decision of Judge Kohlsaat. Federal attorneys believe that all the rules of practice will be affected if the petition is granted permanently and Judge Kohlsaat undertakes a review of Judge Carpenter's decisions.

After the writ was granted the defendants were released on bonds of \$30,000 each, to which the National Surety Company is surety. The millionaires were then released from "imprisonment" in the marshal's private office.

The stranger in question was encountered last Wednesday night by some workmen coming home from work at the E. H. Everett sand quarry at Black Hand.

Although it was very dark, they were able to distinguish the outlines of the animal, and gave various descriptions as to the general appearance of the intruder. One said that it resembled one thing, and another argued that it was something else, but Harry Jones, who, it seems, was put to flight by the animal, says that he didn't take time to examine the creature very closely. Some suggest that it was a wild cat, a lynx or a deer, but James Johnson and John Farmer, two recognized authorities on the different species of wild fauna, timidly suggest that it was a calf.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results. It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. # S.S.S. CURES OLD SORES

Every old sore is due to the ulceration of flesh tissues. The superficial abrasion or opening may have come as the result of a scratch, burn, cut, or some other wound, but the place remains open and of a chronic nature because the tissues and flesh fibres beneath the skin are in an unhealthy condition from a polluted blood supply.

Even if it were possible to subdue the ulceration of the flesh and produce an antiseptic and cleanly condition of the sore with medicines applied to the external opening, such treatment could not bring about any permanent curative results. Deep down in the blood there is a continual cause at work to prevent the place from healing.

If we expect a permanent cure it is not the SORE but the BLOOD which must be cleansed. Then the morbid matter and infectious germs will be destroyed, and the flesh, becoming healthy, will knit and join together, and the ulcer can no longer exist. We do not mean to say one should never use any external treatment for an old sore, for we realize that some salves, lotions, etc., are often very soothing to the irritated and painful flesh. But the person who depends on such measures alone, and makes no effort to purify the blood, will never find a cure, and the place is sure to grow worse and enlarge.

Only by cleansing the blood of the poisonous cause can old sores be cured. S. S. S. heals them by going down into the circulation and removing the cause from the blood. When this has been done there is no longer left any inflammatory impurity or infectious matter to irritate the place, and nature causes the natural and certain healing of the ulcer. When S. S. S. has purified the blood and the place is once more nourished with pure, rich blood, then every symptom disappears, and it is not a temporary cure, but the place is firmly and solidly healed from the bottom to the outer skin. S. S. S. is recognized as the greatest of all blood purifiers, and therein lies its ability to cure old sores. It is purely vegetable, containing no mineral in any form, and its fine tonic effects are always helpful in overcoming the impure systemic effects of an old sore.

We have a special treatise on Old Sores which we will be glad to send free to all who desire it. It contains the statements of many cured persons as to the value of S. S. S. We will also be glad to send you any medical advice you desire free of charge.

In 1877 I had my leg badly cut on the sharp edge of a barrel. A great sore formed, and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of, but I got no relief. At last I began the use of S. S. S., and continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore. J. O. ELLIS, 108 Wyckoff St., Brooklyn, N. Y.

been done there is no longer left any inflammatory impurity or infectious matter to irritate the place, and nature causes the natural and certain healing of the ulcer. When S. S. S. has purified the blood and the place is once more nourished with pure, rich blood, then every symptom disappears, and it is not a temporary cure, but the place is firmly and solidly healed from the bottom to the outer skin. S. S. S. is recognized as the greatest of all blood purifiers, and therein lies its ability to cure old sores. It is purely vegetable, containing no mineral in any form, and its fine tonic effects are always helpful in overcoming the impure systemic effects of an old sore.

### OBITUARY

#### CHARLES HUTSON.

Charles, the nine year old son of  
Mr. and Mrs. J. W. Hutson of Rose-  
bud avenue died at the home Tues-  
day evening at 7:00 of neuralgia of  
the stomach. He was born Sept. 5,  
1902, and was one of the brightest  
scholars of the Blessed Sacrament  
school. He leaves besides the grief  
stricken parents two sisters, Mary  
and Anna and one brother, Edward.  
The funeral arrangements have not  
yet been made.

#### MR. GEORGE MAGRUDER.

Mr. George Magruder, a resident  
of Jug Run for many years, died at  
Coshocton Wednesday at the ad-  
vanced age of 87 years. He leaves  
one daughter, Mrs. Elmos Dorrie of  
Newark. The funeral took place at  
Perry chapel Thursday, Rev. E. B.  
Senter conducting the services.

#### MRS. HARRY MUNGER.

The death of Mrs. Harry Munger,  
a former well known resident of this  
city occurred at her home in Chicago  
Monday, according to a telegram re-  
ceived by friends. No details were  
given and the cause of her death is a  
mystery, as a letter received sev-  
eral weeks ago stated that she was in  
the best of health. Mrs. Munger was  
about 35 years of age, and the wife  
of Harry Munger, a former well  
known printer at the American-Trib-  
une.

## Wash your dishes with GOLD DUST

Ordinary dish-water only cleans the surface.  
Put a dash of Gold Dust into the water, and it will  
go to the bottom of things, drive out every bit of  
dirt, every germ, every hidden particle. Gold Dust  
cleanses as well as cleans.

We promise you this, if you use Gold Dust: Your  
dishes will be sweeter and cleaner than ever before, and  
you will save at least half the  
time ordinarily consumed in  
washing them.

Gold Dust does better work  
than soap or any other dish-  
washing product—and saves  
half the time.

Gold Dust is sold  
in 5c size and large  
packages. The large

**Cane Sugar.**  
Cane sugar does not ferment  
as other sugars, including corn  
glucose, which is a large con-  
stituent of cheap candies, but  
the refined white sugar is not so  
good, and any sugar eaten with  
other foods is bad, especially  
when eaten at the same meal  
with meat or bread. The com-  
mon candies, in which sugar is  
mixed with peanuts, spoiled egg  
albumen and fruits, are decid-  
edly injurious, but half a pound  
of molasses candy eaten three  
or four hours from a meal will  
do an active child in good health  
less harm than the usual quan-  
tity eaten in the usual way.

**WALL STREET'S  
AID ELECTED TAFT**

A recent editorial in the Wall Street  
Journal, says: "It would be astonish-  
ing if President Taft, under the pres-  
sure of his radical friends, should for-  
get to whom he owes his election in  
1908. There was not at that time any  
very clean-cut issue between the par-  
ties, but there was a clean-cut con-  
viction in the minds of business men  
that Mr. Taft represented a different  
type of mind and character from his  
opponent, Mr. Bryan. The result was  
that he received what was virtually  
called the unanimous vote of the  
business community. The evidence  
of this is found in the great number  
of votes by which he defeated the other  
candidates of the Republican party.  
"In this state, for instance, the Taft  
plurality was 262,662, while the Re-  
publican candidate for governor was  
so worthy a man as Justice Brandeis  
received a plurality of only 69,000. In  
Connecticut, the Taft plurality was  
41,600, while the Republican plurality  
for governor was less than 10,000. In  
Ohio, Massachusetts and several other  
states large majorities for President  
Taft were accompanied by the elec-  
tion of Democratic governors. In some  
of these states the Taft pluralities were  
so large that they would not be wiped  
out even by the deduction of the Dem-  
ocratic gains of last fall.  
"If President Taft was stronger than  
his party in 1908 it was because the  
business community gave him their  
confidence. The alternative was Mr.

Bryan and Mr. Bryan's policies, which  
it was not believed President Taft  
would adopt. The same issue had  
kept the Republican party in power  
since the silver contest of 1896, in spite  
of the sometimes disturbing perfor-  
mances of Mr. Roosevelt. What hap-  
pens when the business community  
make up their minds that a party or  
a candidate is no longer to be trusted  
was evinced by the result in this state  
last autumn."

This editorial says President Taft  
owes his election to Wall street, and  
it also asserts that the same influ-  
ence kept the Republican party in  
power since 1896.  
Taft and the g. o. p. have certainly  
repaid Wall street for its aid. The  
number of trusts and new made mil-  
lionaires are evidences that the obli-  
gation has been paid.

**BY SISTERS OF HOLY CROSS**

**Endorsement of Father John's Medi-  
cine as a Tonic and Body Builder.  
Cures Colds and Lung Troubles.**

This one of the many letters we have received  
from hospitals and institutions all over Canada and  
the United States:  
"We cheerfully recommend Father John's Medi-  
cine as a good remedy for bronchial troubles and as  
a tonic and body builder for those who are weak and  
run down. Several persons of our institution have  
used it with beneficial results." (Signed) Sisters of  
Holy Cross, St. Charles, N. H. Not a  
"cough syrup" or a patent medicine with weakening  
stimulants, but a food medicine—the prescription of  
an eminent specialist. Cures colds and all throat trou-  
bles.

**KING GEORGE**

Poor George has grown tired of his kingly, according to stories  
I hear; he's never seen dancing and singing, or wearing a smile ear-  
to-ear. Condemned to a life artificial, to splendor that wears the  
soul, to attitudes, grave and judicial, a monarch is deep in the hole.  
For him no excursion or rally, no natural, uplifting joys; a dog fight's  
on deck in the alley, he cannot look on with the boys; the circus has  
come and the people are sending glad shouts to the sky; the king  
cannot climb a church steeple to see the procession go by. The king  
cannot sit on the bleachers and yell when the umpire is shining  
most lonely of all living creatures, he just has to stay home and  
toil. Though roughly the old world may treat you, though trou-  
bles each morning may bring, though bogies and jabs and wicks meet  
you, be thankful that you're not a king!

**NO MEDICINE  
EQUALS TONA VITA**

Druggist Collins Has Agency—Lee's  
Rhubarb Laxative Assistant  
Remedy.

The country is filled with half  
sick, worn out, nervous people. The  
cause is nervous debility and it is  
produced by the strain and worry of  
modern life.

The symptoms of nervous debility  
are stomach trouble, uneasy sleep,  
nervousness, little energy, or vitality,  
constipation, poor circulation, bad  
memory, cold feet, weak back, and  
susceptibility to coughs and colds.

A man or woman afflicted with  
this debilitated condition has little  
happiness, as the trouble always pro-  
duces a mental depression that causes  
the sufferer to look on the gloomy  
side of life, and be dissatisfied with  
the present, and have small hope for  
the future.

Anything, to be successful, should  
add to the happiness of the human  
race. No medicine ever before sold  
in the United States has been so tre-  
mendously successful as the wonder-  
ful new tonic "Tona Vita." The reason  
is plain. "Tona Vita" is bringing  
back health and happiness to thou-  
sands of discouraged, "run-down"  
men and women.

Are you in this run-down, debili-  
tated condition? Do you tire easily,  
sleep poorly and feel half dead most  
of the time? If you are you can get  
immediate relief and renew your  
ability to fight life's battles by let-  
ting this great Tonic build you up  
and restore your strength. Don't drag  
around feeling hopeless and misera-  
ble another day. You will positively  
be astonished how quickly "Tona  
Vita" will start you on the road to  
health. The tonic is sold with the  
distinct understanding that it must  
renew your health or the price is  
refunded.

Lee's Rhubarb Laxative is an as-  
sistant remedy to "Tona Vita." It is  
to be used in cases of chronic consti-  
pation. There is no plant known to  
modern medicine so thoroughly re-  
liable and harmless as rhubarb. It  
is nature's own laxative and instead  
of straining the intestines like other  
drugs, tones them up and gives them  
new strength. Lee's Rhubarb Laxa-  
tive is the safest possible laxative for  
children and they like the taste. It  
should be in every household.

**PROF. OSLEN RIGHT  
YOUTH ALWAYS  
SUCCEEDS AGE**

Oslen isn't the only man who turns  
down old age. In the business world  
the "young man" is always the one  
who picks the plums. It is an age of  
"new thought," "new talent," etc.,  
and the old man is passed by in the  
race.

One of the first signs of coming age  
is the appearance of gray hairs. When  
you see them, act promptly. Wyeth's  
Sage and Sulphur Hair Remedy will  
correct this sign, which so often de-  
ceives people into thinking that age  
is really upon them. It is a well  
known fact that Sage and Sulphur  
will darken the hair. Wyeth's Sage  
and Sulphur combines these old time  
remedies with other agents which re-  
move dandruff and promote the  
growth of the hair.

The manufacturers of this remedy  
authorize the druggists to sell it un-  
der guarantee that the money will  
be refunded if it fails to do exactly as  
represented.

Don't look old before your time. Get  
a bottle of Wyeth's Sage and Sulphur  
today, and see what an improvement  
it will make in the appearance of your  
hair.

This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all drug-  
gists.

**GRAND PARADE  
OF PYTHIANS  
THIS EVENING**

County Convention to Meet Here and  
1,000 Visitors are Expected to  
Be in Attendance.

The county convention of the  
Knights of Pythias which will be held  
in this city this evening will be one  
of the largest lodge meetings that  
have been held in Newark for several  
years. There are twelve lodges in the  
county and in addition to a large per-  
centage of the members of these  
bodies there will be at least three  
special cars on the Ohio Electric  
from Columbus, bearing besides the  
members of the Columbus lodges, a  
large number of the D. O. K. K. of  
that city including the celebrated D.  
O. K. K. band of Columbus, which  
will furnish music in the grand pa-  
rade which will be held this evening  
at 7:30 o'clock, immediately after  
the supper which will be served the  
members and guests at Castle Hall in  
the Ankle building at 6 o'clock.

After the parade which will dis-  
band at the old First M. E. church,  
the new Exemplified Rank will be  
conferred on a number of candidates  
in the church auditorium, which has  
been secured for this purpose.

The degree team of Tuscarawas Lodge  
of Uhrichsville will confer the work.  
The members of the degree team  
arrived in Newark at noon with their  
paraphernalia consisting of over 1800  
pounds of baggage, which was taken  
to the old M. E. church and placed  
in position for the work this evening.

Among the guests will be the Grand  
Chancellor of the state, Spencer Wal-  
lace of Steubenville, Brigadier Gen-  
eral Coffman of Dayton, Past Su-  
preme Representative Stanley Adams  
of Columbus. Altogether more than  
1,000 members of the K. of P. are  
expected to be in attendance. The  
work of preparation is in charge of  
Harry L. Revolto, county deputy of  
this city, who is being assisted by a  
committee of two members from  
Newark lodge No. 13—Messrs. John-  
son and Place and Messrs. Kirkpat-  
rick and Loughman from Roland  
Lodge, No. 395.

Mr. and Mrs. E. C. Stockberger  
were pleasantly surprised last Mon-  
day night, when about 60 of their  
friends and neighbors gathered at  
their home. Music and social con-  
versation were the chief amusements  
and at a late hour supper was served.  
Thursday Mr. and Mrs. Stockberger  
moved to Granville and in a few  
weeks they will go south for the  
winter for the benefit of Mrs. Stock-  
berger's health, which has been fail-  
ing for some time. Their many  
friends wish them success and hope  
for a speedy recovery for Mrs.  
Stockberger.

Mr. and Mrs. Frank McCarty of  
Columbus, who bought C. E. Stock-  
berger's grocery took possession  
Monday and will be pleased to greet  
all of Mr. Stockberger's old custom-  
ers and many new ones.

Mrs. Vern Mauger and two daugh-  
ters, May and Metta, of near John-  
stown, spent Sunday with Mrs. B. G.  
Hlover.

Mr. and Mrs. Art Myers and daughter  
Lillian spent Thursday evening  
with Mr. and Mrs. Clarence Baker  
and family.

Miss Olive Davis was the guest of  
Miss Mae Davis Wednesday night.

Mr. and Mrs. Jay Stough of  
Howard, was the guest of the form-  
er's brother, Clark Stough, Wednes-  
day and Thursday.

The Misses Ruth and Eva Tim-  
mons entertained with a moving pic-  
ture show Thursday night. Those  
present were the Misses Mae and Hazel  
Davis, Helen Hoover, Susie  
Brown, Marguerite Burner, Edna,  
Lois and Norma Davis, Ermie and  
Irene Totten, Messrs. Glen Davis,  
Hollis Parsons, Frank Brown, Robert  
Burner and Clyde Timmons.

Mr. and Mrs. George Brown and  
son Luther, who have been visiting  
in Columbus the past week, returned  
home Friday.

Dr. McCarty of Delaware county  
was called here Saturday to see his  
taken suddenly ill while attending to  
brother, Frank McCarty, who was  
his duties at the store. Dr. Burner  
was called in and rendered all aid  
possible to relieve the sick man's  
suffering.

**CATARRH OF  
THE STOMACH**

A Pleasant Simple, Safe and Effec-  
tual Cure For It.

**COSTS NOTHING TO TRY.**

Catarrh of the stomach has long  
been considered the next thing to in-  
curable. The usual symptoms are a  
full or bloating sensation after eat-  
ing, accompanied sometimes with  
sour, watery risings, a formation of  
gases, causing pressure on the heart  
and lungs and difficult breathing,  
headaches, fickle appetite, nervous-  
ness and a general played out, lan-  
guid feeling.

There is often a foul taste in the  
mouth, coated tongue, and if the in-  
terior of the stomach could be seen  
it would show a slimy, inflamed con-  
dition.

The cure of this common and ob-  
stinate trouble is found in a treat-  
ment which causes the food to be  
readily, thoroughly digested before  
it has time to ferment and irritate the  
delicate mucous surfaces of the stom-  
ach. To secure a prompt and heal-  
ing digestion is the one necessary  
thing to do, and when normal diges-  
tion is secured the catarrhal condi-  
tion will have disappeared.

According to Dr. Harlanston, the  
safest and best treatment is to use  
after each meal a tablet, composed of  
Diatase, Aseptic Pepsin, a little Nux,  
Golden Seal and fruit acids. These  
tablets can now be found at all drug  
stores under the name of Stuart's  
Dyspepsia Tablets and not being a  
patent medicine can be used with  
perfect safety and assurance that  
healthy appetite and thorough di-  
gestion will follow their regular use  
after meals.

The plan of dieting is simply an-  
other name for starvation, and the  
use of prepared foods and new fan-  
gled breakfast foods simply makes  
matters worse as any dyspeptic who  
has tried them knows.

As Dr. Bennett says, the only reason  
I can imagine why Stuart's Dys-  
pepsia Tablets are not universally  
used by everybody who is troubled  
in any way with poor digestion, is be-  
cause many people seem to think  
that because a medicine is advertised  
or is sold in drug stores or is pro-  
tected by a trademark it must be a hum-  
bug, whereas, as a matter of truth,  
any druggist who is observant  
knows that Stuart's Dyspepsia Tab-  
lets have cured more people of cat-  
arrh of the stomach, indigestion,  
heartburn, heart trouble, nervous  
prostration and run-down condition  
generally, than all the patent medi-  
cines and doctor's prescriptions for  
stomach trouble combined.

Stuart's Dyspepsia Tablets is the  
safest preparation as well as the sim-  
plest and most convenient remedy for  
any form of indigestion, catarrh of  
the stomach, biliousness, sour stom-  
ach, heartburn and bloating after  
meals.

## SOCIETY

The Rosebud Embroidery club will be entertained on Thursday at the home of Mrs. John Hohl in Maple avenue.

Hearken, ye men! cries the Syracuse (N. Y.) Herald. This country has 7670 postmistresses. One out of every twenty greenhouses is run by a woman. Two women have licenses to run taxicabs in Chicago. Six towns in Colorado have women treasurers, and one woman in that state owns a copper mine.

Mr. and Mrs. Hafer entertained on Tuesday evening with a reception to the members of their dancing classes at their home in Oak street. The evening was a delightful one and a Granville orchestra furnished a delightful dance program.

Those present were: Misses Mabelle Anderson, Bessie Morgan, Genevieve Kennedy, Mary Fanglemeir, Bertha Fanglemeir, Cochran, Marguerite Brown, Agnes Kinney, Emma Diebold, Maybold, Helen Conley, Herndon.

Lottie Drumm, Relchert, Mrs. Connors, Mr. and Mrs. McLaughlin, Mrs. William Smith, Miss Smith, Mr. and Mrs. Charles Stemm, Marie McLaughlin, Miss Fawn Baker, Messrs. Clyde Williams, Leo Trace, Charles Trace, Arthur Patrick, Harry Cass, William Hall, Roy Conn, Theo. Loewendick, W. A. Dennis, Freddie Brown, Varner, Leo Balzer, Clark Wright, Chester Sands, S. C. Richardson, Stanck, Bonner, George McNamarr, Edgar Albright, E. Washington, John Donaldson, Ray Palmer, Jack Cada, J. W. Stuenkel, R. F. Sheppard, Herbert Freiler, George Barroway, Mr. Harris and Mr. Baker.

Among those from Newark who attended the banquet given by the Cal-Hopean Literary society in Granville on Wednesday night were Misses Josephine Hilliard, Catherine Sedgwick and Mary Pollett.

The Newark Masonic Social club entertained the members and friends with a dancing party at Assembly hall on Tuesday evening. Stevens' orchestra furnished a pleasing dance program and a buffet luncheon was served the dancers.

Miss Della Hayes entertained the Investigators club Monday afternoon at the beautiful country home of Miss Mary Ben Dicken, southwest of the city.

## HEARST AND HOME TALKS

BY BARBARA BOYD

### Getting On.

THEY were discussing a neighbor. "He seems a hustler," said the woman. "Hustler!" scornfully replied the man. "He's no hustler. He's stayed right in that one position for fifteen years. He's had chances for promotion, too. But he turned them down, because it meant he would have to move."

"But he works hard," said the woman. "Yes, he works hard," replied the man. "But he doesn't get on." The man went his way, and the woman fell to pondering upon getting on. What does getting on mean to most of us? More luxurious living, as a rule, does it not? As soon as a man moves up in a business position, what does the world expect of him?—a handsome home, more style, elaborate entertaining, rich dress, many servants. There is nothing to be said against these, if these are not all. But with many of us, they are all. They signify the result of our getting on.

This family that had been discussed by the man and woman lived in a simple and comfortable way. The mother, with some little help, did the housekeeping. The four boys had gone to the public schools and then on to business positions in the city. They were all manly, self-reliant fellows. It was a happy home, with a clean, fine moral atmosphere, but not in any way pretentious,—just such a home as is all about us by the thousands in this country.

Suppose, now, the head of the house had gotten on, and the wife and mother had spent her time, as the wives of many rich men do, in dress, bridge, lavish entertaining. Suppose the boys had gone to college, and acquired there, as the sons of many rich men do, habits that make them useless members of society? What would have been the good of the father's getting on?

Getting on is not sufficient in itself. It is not the end. Yet with many of us, life is a mad scramble to get on. We ought to make sure of what we are going on to. If getting on doesn't mean a use of our greater opportunities for good, for genuine benefit to ourselves and others, then getting on is not a wise step. Better lead honest, useful lives, even though unpretentious, than to be rich and successful, as the world calls it, but in reality an influence that is not on the side of usefulness, that does not stand, in the final count, for anything that is worth while. This does not necessarily follow getting on. But it frequently does. And those so anxious to get on should take a good look at what getting on really stands for with them, whether it means larger opportunities to lead a useful and honorable life or only greater means to be selfish. Merely getting on is not the whole of it. You are going to arrive somewhere. What is your destination?

Barbara Boyd.

## MOTHER WAS WISE

Built up Boy's Strength Instead of Giving Cough Syrup.

A lingering cough is a sure sign of weakness in a child, and the sensible thing to do is to build up the system. Then the cough will disappear. But if the child has no appetite, then it needs Vinol, which has not a particle of the nasty, greasy smell and taste which makes children hate cod liver oil. Vinol is so pleasant they like to take it and it builds them up wonderfully.

Mrs. R. Inza of New York city says: "My little boy had a very bad cough for two months. I did not like to give him cough syrups for many of them are not good for children. But I did give him your delicious cod liver and iron remedy Vinol, and one bottle caused his cough to disappear and entirely restored him to health."

We guarantee that Vinol will build up and strengthen weak, pale children and all rundown persons of every age. If it does not do all we claim we give back your money.—Frank D. Hall, druggist, Newark, O.

**BEST AUTHORITY ON HAIR.** Was Mrs. K. S. Mason of London, England. Her Old English Shampoo Cream is now offered to the public. **The KITCHEN CABINET**

I WOULD be true, for there are those who trust me; I would be pure, for there are those who care; I would be strong, for there is much to suffer; I would be brave, for there is much to dare.

I would be friend of all—the foe, the friendless; I would be giving and forget the gift; I would be humble, for I know my weakness; I would look up—and laugh—and love—and lift.

—Howard Arnold Easters.

HOUSEHOLD HINTS.

Use a teaspoonful of vinegar in the water in which a tough stew or fowl is cooked. It will soften the fibers of the meat and thus make it more tender.

If meat is prohibited from the diet, one may have eggs, rice, macaroni, nuts, peas and beans. From these any number of good, nourishing dishes may be prepared.

During the dearth of potatoes and their high price, our culinary architects remember that rice, hominy, wheat, cornmeal and macaroni are all richer in food values than the Irish potato. Fresh vegetables may be accompanied with bread crumbs, which make an acceptable potato substitute.

Starch foods must be well done and not over done. Rice may lose its value by over cooking and macaroni is most unwholesome when underdone.

When insufficiently cooked the starch grains have not burst and softened. When overdone the water draws out the nourishment.

Rice cooked in rapidly boiling water, drained when soft and set into a hot oven, may be served with bits of butter dotted over the top, just as one would serve mashed potatoes.

Scrambled eggs mixed with a cupful of buttered crumbs makes a dish that is both sustaining and appetizing.

Corn and Bacon.—This is sometimes called a squaw dish as the Indians are very fond of preparing it. Cut bacon in thin slices and cook until crisp, pour off about half of the fat from a quarter of a pound of bacon and add a quart of corn, either fresh or canned. Stir until the corn is cooked through; longer if fresh corn is used, and serve hot.

The Wind Would Chase

## Daddy's Bedtime

A Merry Wind  
Story— And What Stopped  
His Howling

"I GUESS it's going to come winter now," remarked Jack as the children climbed upstairs to bed.

"Yes," assented Evelyn. "There's that horrid old wind blowing so loud I'm afraid I won't be able to sleep."

"Never mind the old wind," said daddy. "I dare say he isn't as bad as he sounds. That reminds me of a story I know about a wind."

"Once there was a big, strong wind that liked to come around places where people lived. He was a very sociable wind, but tried to show that he wished to be friendly by playing all sorts of rough tricks on folks. Now, he would come rushing down on houses when the family washing hung out. Scattering all the clothes on the ground, he would run off as the housewife came crossly out to pick them up."

"When the little folks were coming home from school the wind loved to get after them and tear their hats from their heads and send them spinning down the road so that the youngsters had to go racing after them. On dark nights, when there was no one outside to tense, the wind would come dashing against the houses, making them rock back and forth, while he howled fiercely down chimneys or shrieked through crannies and knot holes. Folks snugly in bed would wake up and shudder, while the children cuddled closer and wondered what the wild old wind would be up to next."

"Of course he wasn't a popular wind. How could he expect to be? 'Why,' said the wind, 'should they love me as well as that little soft Zephyrus that never does any real work? I sweep their gardens and their fields free of nasty fogs and chase away the deadly malaria and other illnesses that lie in wait for poor human folks!'"

"Father Boreas replied, 'They love Zephyrus because he is never gruff nor rough with them!'"

"The wind went off into a clump of trees to think this over. By the time he had thrashed the matter out in his own mind he decided to turn over a new leaf."

"He tried sailing along gentle so that little boys and girls found him a jolly playfellow, excellent to raise a kite or gently skim a toy boat over the water. Instead of tearing down the clothes from the line he would fan them quietly until they dried. At night he would play such beautiful tunes on the trees as he wandered through the woods or hung about the gardens that people began to say: 'Isn't he a beautiful old wind! How I love to hear him around.'"

### EPIDEMIC OF CRIME AND ITS MEANING

(S. B. Horton.)  
The epidemic of crime today the world over seems to be more intense than ever before. Newspapers and magazines not only contain the daily record of the terrible disorders now extant, but editors who have to chronicle the facts of crime are forced to ask the question, "What is the matter?" In the language of one editor of a prominent weekly of recent date: "The world seems to be upset. Agitation, unrest, and distrust prevail. Kingdoms are being uprooted, monarchies undermined, while rankest socialism seeks its day. Great labor disturbances with loss of life are chronicled on both sides of the ocean. Bombs and dynamite do their fearful work. Lynchings, North and South, of innocent and guilty, are reported. Mobs gather at slightest provocation and defy the authorities. . . . The divorce courts are working overtime. . . . Legislative bodies are debauched by demagogues and rankest

municipal corruption is wide-spread. . . . The blazing sun consumes the crops, and the water supplies of cities, great and small, are threatened. . . . The theatres are crowded, while the pews of the churches are empty, and religion is at its lowest ebb. Under what sign of the zodiac are we living?" Yet, in the face of this condition of affairs, we are told by some that the world is growing better.  
It is not our purpose to dwell upon the facts of crime, but we do believe that this great disorder and unrest is a sign which the Bible refers to as marking the closing days of this world's history. Not only does the Old Testament speak of the end of the world and the signs which will show the nearness of that event, but the New Testament abounds in many references thereto.  
The great Apostle to the Gentiles, being shown the perilous times before the end, writes:  
"This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, trucebreakers, false accus-

ers, incontinent, fierce, despisers of those that are good, traitors, heady, highminded, lovers of pleasures more than lovers of God."—II Tim. 3:1-4.  
The Saviour said:  
"There shall be signs in the sun, and in the moon, and in the stars; and upon earth distress of nations, with perplexity; . . . men's hearts failing them for fear, and for looking after those things which are coming on the earth. . . . So likewise ye, when ye see these things, come to pass, know ye that the kingdom of God is nigh at hand."—Luke 21: 25-31.  
These are statements from the infallible Word written 18 centuries ago which speak of the record of this time and show that these facts are to serve as a warning that we are living in the last days.

### SCHWEITZER WINS HIS SUIT

Al Schweitzer, the nifty ball player, who wore a Newark uniform a few years ago, playing in center field, has won his suit for damages against the city of Mt. Vernon.  
Mt. Vernon, Nov. 15.—This city must pay Al Schweitzer, formerly of Newark, now outfielder for the St. Louis Browns, \$400 damages because the baseball player fell in a ditch here and injured his throwing arm. The accident happened in 1907, when Schweitzer was playing with the Newark O. & P. League team. He has been awarded a verdict in his damage suit.  
"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

### PURITY

The meetings that were being conducted in the township hall here by two evangelists, closed Sunday evening, with no accessions.  
Mr. and Mrs. Huntington of Mt. Vernon, were guests of Mr. and Mrs. Homer Van Wey and of the latter's father, Hugh Gardner, and family, last Thursday and Friday.  
Iva Rice has moved with his family into the residence recently vacated by John Harris on the Eugene Harris farm.  
Mr. and Mrs. Dick Popham have moved from the McClure property into the home with the latter's parents, Mr. and Mrs. Hiram Jacobs.  
Howard Van Wey, of St. Louisville, spent from Saturday until Monday with his brother, Homer Van Wey and wife.  
Little Ella Mae Mills accompanied her grandmother, Mrs. Emily Wey on a visit with the latter's daughter, Mrs. Belle Layman, at North Liberty, last Saturday and Sunday.  
Peter Hall is moving with his family to Ashland where he will continue in his present occupation of

well blowing. Benjamin Lewis has moved into the Marriott property and assumed the position held by Mr. Hall with the Columbus Gas Company.  
Harry Hunt is spending the week with his uncle, Stephen Harris, and wife.  
Miss Marie Colville was a guest at the home of her grandfather, H. M. Elliott, from Saturday until Monday.  
Mr. and Mrs. John Elliott have moved into their new home on the farm formerly owned by R. & Dush.  
Mrs. Will Elliott is spending a few days with her parents, Mr. and Mrs. Andrew King, and other friends in Jersey.  
Mrs. William Jones and daughter, Myrtle, who have been very ill with tonsillitis are reported as rapidly recovering.  
The Columbus Gas Company is hauling a rig on J. B. Colville's farm. Considerable interest is being manifested as to the outcome of this well as it opens up what is practically a new territory.

## FOR SICK HEADACHE, SOUR STOMACH, LAZY LIVER OR SLUGGISH BOWELS

Turn the rascals out—the headache, the biliousness, the indigestion, the sick stomach and foul gases—turn them out tonight and keep out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—a 10-cent box means a clear head and cheerfulness for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## HUNTERS HAPPY FOR GAME SEASON OPENED TODAY

There was a regular stampede of hunters for the fields and woods Wednesday morning, due to the fact that the hunting season for rabbits and quail had opened. Every train leaving the city, both on the steam roads and the interurbans, carried large numbers of hunters and dogs.

As early as 5 o'clock the hunters began assembling at the B. & O. and interurban depots and also at the interurban station; and by 7 o'clock it looked as though every man in the city who could muster a gun was starting for the hunting grounds.

Senator W. E. Miller of the Newark hardware store, informed an advocate reporter that he had been the store ever since 4 o'clock, in order to accommodate those desiring ammunition and other supplies. He says it was the greatest opening of a hunting season in the history of the city.

As a majority of the farmers this year have prohibited hunting on their farms, about the only way the city hunters can get into the country to come out and enjoy the sport. While open hunting is still hundreds of thousands of acres covered with scrub timber and underbrush, in Ohio, where game is abundant and the hunter is still allowed to roam at will.

Section 1416 of the general code provides that from Nov. 15 to Dec. 4, inclusive, quail, ruffed grouse and rabbits may be lawfully killed, provided that no quail be killed except while they are flying and that not more than 12 in one day, and at neither game bird nor game animal be killed or pursued with such intent on Sunday. It is unlawful to use ferrets in hunting rabbits. Ruffed grouse is the game bird commonly known as pheasant throughout the state and is a native of Ohio. It could not be confounded with the mongolian, English or ring-necked pheasants which have been imported to the state and which are protected until 1913.

The sportsmen of Newark have been lying awake during the last week, arranging their programs for the opening of the hunting season and Wednesday morning all had in their minds the farms they were going to hunt over.

Quail and rabbits are reported as being very plentiful in every section, affording them a home or refuge, and they can be made to continue in large numbers as long as cover exists. In many localities this has entirely disappeared. Formerly timber trunks and clearings, filled with underbrush, provided an ideal refuge; swamp lands were plentiful and afforded splendid shelter; the rank growth covering the sides and banks of ditches furnished excellent cover. But now sections that formerly provided perfect retreats for game animals and birds have been changed in character, so that the game animals of the past now exist only in memory.

Following are good rules for handling a gun:

Keep your gun unloaded except when it is in your hands for the purpose of hunting.

Have all the mechanical devices which prevent the discharge of your gun set "safe," except when it is at your shoulder ready to shoot.

Under no circumstances point your gun at any person, creature or thing which you do not desire and intend to injure.

Don't try to climb a fence with a cocked gun.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It cures the pain and heals the hurts.

## DEATH FOLLOWS SUDDEN ATTACK AT AUDITORIUM

Mrs. Charles M. Reel Dies Shortly After Being Stricken With Acute Indigestion.

Mrs. Mary Elizabeth Reel, wife of Mr. Charles Reel, a well known conductor on the Baltimore & Ohio railroad, residing at 110 South Second street, died very suddenly in Dr. C. H. Stimson's office about 8:30 o'clock last evening, of acute indigestion.

Mrs. Reel, in company with her son, Owen Reel, had gone to the Auditorium theatre to see William Collier in "Take My Advice," and just a few minutes before the first curtain went up she was taken with a smothering spell and became seriously ill. Her son, Owen, took her out into the corridor for the purpose of letting her have fresh air, but she grew rapidly worse and he succeeded in getting her to the office of Dr. C. H. Stimson. Dr. Stimson, however, was out on a call, but Drs. Barker and Rank were soon on hand and did all they could for the woman. Dr. Hornby, the family physician was called, but before he arrived she had passed away.

Bowers & Balzer's ambulance was called and conveyed the body of Mrs. Reel to the home, where the family was plunged into deep grief over the sudden death of their loved one.

The deceased was a good Christian woman, having for a number of years been a faithful and consistent member of the St. Paul Lutheran church. She was also a member of the Court of Honor, the Daughters of Pocahontas, the Social Friends and the Ladies' Auxiliary to the O. R. C.

She is survived by her husband and five children, four sons and one daughter, being C. C. A. L. W. A. and O. C. Reel, and Mrs. Lewis Swern. She also leaves two sisters, Mrs. Ira Sinsabaugh and Mrs. Elijah Ponsler.

Mrs. George Howarth, a sister of the deceased, died from the same cause thirteen years ago.

**Passenger Coaches Being Delivered.**

The steel passenger coaches ordered by the Baltimore & Ohio several months ago are being delivered and put in service on the through trains between New York, Philadelphia, Baltimore, Washington, Pittsburg, Chicago, Cincinnati and St. Louis. The orders provide for 20 smoking cars and 30 day coaches, together with 15 steel postal cars and 10 steel baggage cars.

The cars are almost fireproof, will be lighted by electricity, and are a great improvement on the cars long in use on the road.

## Madam—

Here is one of the cows which supplies milk to your neighbors—the people who use Van Camp's.

This cow won the Van Camp cup, which we offered to encourage the breeding of high-grade cows. Milk from such cows, fed in America's best dairying sections, will cost you less than any milk you get from mongrel cows.

And it comes to you pasteurized—free from germs. It is the finest milk which this country produces—the equal of any Swiss milk.

## Thick as Cream

Right at the dairy, in a moderate heat, we evaporate two-thirds of the water. This is done in a copper vacuum, in the cleanest sort of way.

We add nothing whatever to the milk. We take out nothing but water. Use it as it comes to you and you have thick cream—28 per cent solids, 8 per cent butter fat. Put back the water and you have fresh, rich milk, just as it came from the cow, save for the sterilization.

## Rich Milk Dishes

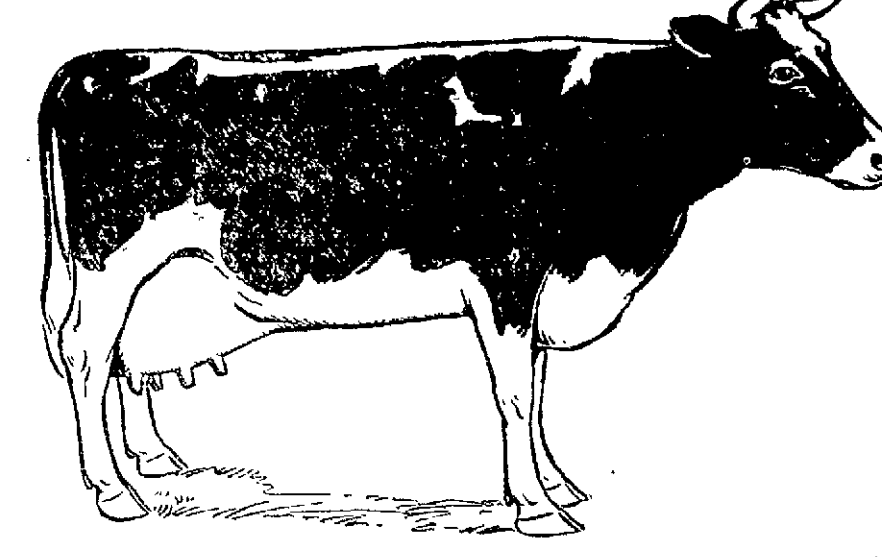

Van Camp's Milk, used in cooking, produces superlative dishes. The flavor is such as you never get in any milkman's milk. It is the flavor of whole, rich milk.

There is one thing in connection with the recent election in Licking county that caused every Denisonian to feel proud, and that was the fact that at least two of Denison's alumni were elected to official positions in the county. John M. Swartz, '69, was elected mayor of Granville, and Roderie Jones, '00, was elected City Solicitor of Newark.

After a short but pleasant visit with relatives and friends in Granville and vicinity, Mr. and Mrs. George D. Stevens have returned to their home in Toledo.

You can buy, if you wish, a month's supply at a time. Then you have milk and cream for any purpose—all you want at any time. You have none left over—none to waste—for the opened can keeps till you use it up.

And the milk, remember, is the finest milk that high-bred cows produce. It is always the same.

## Milk Bills Cut in Two

The curious fact is that this ideal milk costs less than milkman's milk. We save you the cost of the daily delivery, which means about 4 cents per quart. And we save you all the waste. The use of Van Camp's, in most homes, cuts milk bills right in two.

We milk 30,000 cows daily to supply folks who want this milk. And no people in the world get better milk than they get every day.

## AMUSEMENTS

Last Night's Play. "Take My Advice," a collaboration by himself and James Montgomery, was the attraction at the Auditorium theatre last evening. And true to prevailing custom, this star was greeted by an audience made conspicuous by its absence. From time immemorial, whenever a great actor or actress visits the city, the result is a great disappointment to the house management. Warfield was greeted by only a fair audience, Rose Stahl fared even worse, and so it goes.

William Collier is conceded by all who have had the pleasure of seeing him to be one of the cleverest comedians of the present day. In "Take My Advice" he has a clever and effervescent play, built on the efforts of a young man to carry out the impositions of a freak will, his being robbed of all his possessions, his sudden awakening to the real state of things and his subsequent success in a lemon company. The play is laid in California.

Only one set is used and it is attractive, but the intended effect of the first scene was entirely lost through the negligence of some one in charge to have the house lights turned off. With a darkened stage, the curtain went up with a completely lighted house.

Mr. Collier was supported by an excellent company, among whom were Helena Collier Garrick, his sister, and William Collier Jr., who carried his juvenile role in a very pleasing way. One of the minor parts, that of Sing Foo, was cleverly given by John Arthur.

## What the Press Agent Says

The Orpheum. Without a doubt one of the best shows that ever graced the stage of the Orpheum will open there Thursday matinee. There is not a weak act on the bill. The Four Harmonious Girls, the feature of the bill, are rated as presenting the best singing act in vaudeville. Every member has an excellent voice, which seems just suited to the popular and beautiful selections they render. They are direct from Keiths and are for the first time playing the best houses on this time and are a big hit wherever they star. Chas. Leonard, assisted by Ethel Drake, in an oddity of mimicry and comedy, are a pair of the most versatile comedians seen here for a long time. They have recently returned from a five-year tour of Europe and are appearing at the Orpheum by special arrangement. Theirs is a mirthful mélange of nonsensical dialogue done in character make-up that is side-splitting in itself. Walter Beemer and his partner in their novelty act, "Fun in a Bowling Alley," have an act that is different from all others, and the clever pair have been scoring big hits all over the bigger circuits of this country. The Bancrofts will keep you laughing with their original comedy sketch. When it comes to fun-making, it is said they are hard to beat, so they offer another chance for a good hearty laugh. It might be of interest to the theatre-going people of Newark to know that Celeste Leslie, manager of the "Four Harmonious Girls," was formerly from this city and about six or seven years ago sang in the choir at the Episcopal church. Both she and her husband were in San Francisco at the time of the earthquake and barely escaped with their lives. The Orpheumscope will have a new picture.

**Buster Brown.** During a recent interview with Miss Lois Hall, who acts opposite Frank O'Thornton in the delightful comedy, "Buster Brown," the subject of kissing was approached. When asked what her view on stage kissing was, she replied: "Some one advocated the establishment of a school for kissing. It is indeed doubtful whether this is needed. Kissing is a thing about which even Miss Hall girl need not be shown. I have read that there are many savage tribes that know nothing about the pleasures of the stolen smooch. I have heard that it has only been during the last fifty years that the Japanese maiden knew anything of the kiss, but the progress has been made, it is likewise noticed, and who can doubt that its introduction served to waken that nation, like the enchanted princess, from its long sleep. At the Auditorium tonight.

**The Rosary.** Seldom does an author portray such an important character as that of a Catholic priest and have it meet with approval from the clergy, but this is just what has happened to Edward E. Rose, author of "The Rosary," which will be seen at the

Auditorium Saturday, Nov. 18, matinee and night. In "The Rosary," Mr. Rose has drawn a character of Rev. Brian Kelly, a Catholic priest, who interferes in domestic troubles between man and wife, and eventually shows the unlimited amount of good that can be done by a priest, not of conventional stage character, but a real man, a big man of faith, strength and conviction. The character has been endorsed by the clergy all over the country, and it is said to be the strongest character of the kind ever presented on the American stage. The character will be portrayed by J. Drury, an exceptional artist, who goes through his work convincing the audience that he has mastered the author's conception of the role.

**Pepito Arriola.** Pepito Arriola, the wonderful boy pianist, who will give a recital at the Auditorium theatre Thursday night, Nov. 16, does not wish to be considered as a child prodigy, and boldly assumes to be judged purely as an artist. This is a distinction to which his phenomenal gifts clearly entitle him. There is no more interesting sight than that of Pepito playing Liszt's tone-picture, which describes in piano language St. Francis walking on the waves. It is a storm piece of the heaviest bravura character.

**Mary Emerson, Star, To Be Here in Stock.**

The Mary Emerson Stock company will be next week's attraction at the Auditorium theatre. Mary Emerson was formerly a star and headed many successful plays. She has surrounded herself by an excellent company and has a repertoire of very clever plays, among which are: Monday, "The Making of Maddalena"; Tuesday, "The Morals of Mars"; Wednesday, "Will o' the Wisp"; Thursday, "Lady Frederick"; Friday, "The Power Behind the Throne"; Saturday, "The Streak of Yellow"; Wednesday matinee, "His Majesty and the Main"; Saturday matinee, a new farce comedy.

Manager England has played Mary Emerson before, but it was when she was starring at the head of a company and playing to standard prices, \$1.50 and \$2.

**SOUTHERN THEATRE.**

J. W. and W. J. Dunsbury, lessees of the Southern theatre, Columbus, are making that house more popular than ever. They have inaugurated a number of innovations, among which is a fine solo orchestra which gives a half hour concert before the curtain rises, and also plays the entire time between acts.

The theatre has new decorations of old rose, ivory and gold with palms, ferns and potted plants.

The Southern Stock Company is presenting high class productions every evening with matinees on Tuesdays, Thursdays and Saturdays at prices within the reach of all.

FOR SOFT, BRILLIANT HAIR.

Faded, brittle hair and an itchy, scaly scalp result from a starved condition of hair-sacs and small blood vessels. A vigorous massage, using a good tonic to give them renewed life and energy, stops itching and overcomes dandruff. A pleasing and highly satisfactory hair scalp tonic can be prepared at home by mixing together a half-pint each alcohol and water; into this pour one ounce beta-quinol, and a-ou-tou-tou is ready. For best results use a bottle each night; after a few applications the hair gradually assumes its former color and luster because of the return of the normal amount of pigment necessary to prevent fading. Continued using induces an abundant growth of beautiful hair.

**ANSWERS TO QUERIES.**

M. T. K.: The delicate tint and refinement of an ideal complexion is easy to acquire, if this treatment is followed. After thoroughly cleansing the skin with warm water and a mild soap, apply generously some cerol cream, massaging with a gentle rotary movement until it vanishes. The cerol cream applied daily will make a soft, healthy and after a short time using, wrinkles and roughness vanish and a new complexion peeks forth with all its rich purity and charming tint. Make the cream by dissolving two ounces cerol in three-fourths pint boiling water; stir until smooth and creamy.

May B.: If you use plain eggol to cleanse the scalp and hair, I am sure "shampoo day" will not be dreaded, but look forward to it with considerable pleasure. With a quarter you can buy sufficient eggol at the drug store for a dozen excellent shampoos. Dissolve one teaspoonful of this in a cup of hot water and as you pour it on the head, rub briskly. This creates a heavy lather, dissolving every particle of dust and dirt, relieves itching and corrects minor scalp troubles. After rinsing, the scalp is clean and

refreshed, and dull, brittle, stringy hair is restored to its former gloss and softness.

Lenax: A great many of my readers write me the same as you have—complaining about the irritation caused by the pastes for removing hair. I never recommend them for that reason. I always recommend sulfo solution, which is certainly a remarkable hair remover. You can just see the hairs dissolve and they do not come in again coarse and stiff. They return kind of fuzzy like, but usually after the second application they vanish forever. Sulfo solution is sold at all drug stores in one ounce bottles. It is no more expensive than the powders, and so much better.

Maiden: No, deep breathing will not develop the bust. This can only be done by stimulating the delicate underlying tissues and glands to healthy action. Once this is accomplished the bust soon rounds out and scrawiness vanishes. Here is the Vaucure treatment, which you can use in the privacy of your home: Into a pint of water dissolve a cupful and a half of sugar, then add an ounce of gallol. Take a tablespoonful at meal time and in a short while your figure will have assumed the proportions, and symmetry, and scrawiness will have vanished. You will find gallol a trifle expensive, but well worth its cost as a developer of the bust.

Mrs. W.: I never recommend anything except what I know to be beneficial as well as harmless. If you use an amaroil retting lotion, I know you will soon rid the skin of pimples and blackheads and the "muddy," lifeless condition will vanish. I know you will find amaroil in a pint of hot water, then before retiring at night bathe the face, neck and arms well, and after drying apply plenty of the amaroil retting lotion, massaging gently until it vanishes. Use no powder to counteract the effect while the retting is on, and in a few days' time you will be delighted on how clear and radiantly beautiful the skin is.

## FRANK GRAEF SENTENCED TO PENITENTIARY

Given Fifteen Months After Pleading Guilty to Manslaughter—Judge Wickham Presided.

Frank Graef, who entered a plea of guilty of manslaughter in connection with the lynching of Carl Etherington, was sentenced at five o'clock Wednesday evening by the court to 15 months at hard labor in the Ohio penitentiary.

Shortly before the hour set for the reassembling of the court, the defendant and his attorneys, together with the attorneys for the state, filed into the court room and took their seats. Meanwhile a large number of spectators had gathered in the court room, which was comfortably filled when Judge Weygant and Wickham took their seats. Seated with the defendant were his wife, sister and brother.

Judge Wickham, speaking for the court, inquired of counsel for the state and also for the defendant if they had anything further to say to the court.

The court was answered in the negative by the state. J. R. Fitzgibbon, attorney for the defendant, said that the defendant was afflicted with tuberculosis and that unless there was a marked improvement in his condition, the probability was that he would not live longer than he has a wife and two small children and that one of his legs has been amputated and that he is a hopeless cripple; that an abundance of testimony could be procured to show that the defendant's reputation and character is good by business citizens of Newark of irreproachable standing, who

had been subpoenaed for that purpose.

The court stated that they had considered the testimony and had arrived at a conclusion as to what the judgment should be.

The court then inquired of the defendant as to whether he had anything to say as to why the judgment of the court should not be pronounced against him.

The defendant said that he had nothing to say except to ask for the mercy of the court.

The defendant was then sentenced by the court to hard labor in the penitentiary for the period of fifteen months.

An application was at once made to the court for a suspension of the sentence.

The court stated that this matter had been considered and that the conclusion had been reached that the sentence should be as announced — with no suspension — and ordered the defendant into the custody of the sheriff.

The defendant and his relatives were much affected by the sentence imposed, and they all remained together in the court room, conferring for some considerable time after sentence had been imposed.

Graef will be taken over to Columbus Thursday and turned over to the officials of the penitentiary, to at once enter upon his term.

Many a fellow blows himself till he feels blue.

THE SENSATIONAL LAMP SHADE GOWN.

The most sensational thing in fashion this season is the lampshade gown brought out by Paul Pairet. It suggests a revival of the hoop skirt of other days, but the fact that it is sensational will keep it out of the realm of fashionable models. This particular gown is made of seagreen chiffon over cloth of gold. The hoop skirt edged with gold chenille fringe. A wide band of gold galleons forms the girdle and the low cut bodice and loose elbow sleeves, which, by the way, suggest a new cut, are edged with skunk. The Turkish slippers and Turkish turban are also cloth of gold, the latter trimmed with a huge bunch of osprey in white and yellow.

## TEA AGENT HAS LEFT THE CITY

It is authoritatively reported that Clarence Pelling, a tea agent, residing in Elmwood avenue, is missing from his home. He is said to be short in his accounts with the company which he represents.

Pelling came here from Dayton and has represented the company for some time. It is said that his father will make good his shortage. Mrs. Pelling found a note from her husband Monday morning. It is said, in which he stated that he was in trouble and would leave and not return. He made good the statement and carried away with him all his wardrobe.

## YOUNG GIRLS VICTIMS OF AN "UNLOADED" GUN

Elvira, Nov. 14.—Reva Whitney, 15, and Irene Johnson, 16, were badly wounded today when Ernest Bafwell, 16, pointed an "unloaded" gun at them and pulled the trigger. The victims had been playing with a collection of firearms which Bafwell's father was about to go hunting with.

## BAD BREATH

It's Your Duty to Get at the Cause and Remove It. A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, will positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar coated tablets are taken for bad breath by all who know them.

Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

The do all that dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening cathartics are derived from Olive Tablets without griping, pain, or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive tablets are a purely vegetable compound mixed with olive oil. Try Olive oil Tablets today. Take one every night for a week and note the effect.

"Every little Olive Tablet has a movement all its own."

At all drug stores in handy pocket packages. At 10c and 25c.

Made by the Olive Tablet Company of Portsmouth, Ohio, or Columbus, Ohio. Dr. F. M. Edwards, president.

## BEATTIE MUST DIE IN CHAIR

Richmond, Nov. 15.—Governor Mann today declined to interfere in the case of Henry Clay Beattie, Jr., sweeping the young wife murderer's last hope of escaping the electric chair on Nov. 21.—A petition had been presented to the governor asking at least 30 days respite for spiritual preparation.

"In a signed statement Governor Mann said: 'I followed this case through the trial and as its horrible facts were developed regretted that a crime so cruel and malicious should have occurred within our state. That Beattie is guilty of the wilful, deliberate and cruel murder of his young wife I have no doubt.'

## CINCINNATI AFTER THE CONVENTION

Cincinnati, Nov. 15.—An effort is being made by the local commercial association to have the Ohio constitutional convention meet here. The initial meeting is to be held in Columbus at which it will be decided where the other sessions will be held.

It's all right to lay up your treasures in heaven, but it is just as well to carry a little burglary insurance.
